J. FRANK MAUZY TAKES HIS LIFE

Former Rushville Citizen Commits
Suicide at His Home in Markle-
ville, Madison County

LEFT HERE ABOUT 6 YEARS AGO

Despondency Over Ill Health Be-
lieved to Have Prompted Him to
Take His Life

J. Frank Mauzy, a former resident here, committed suicide yesterday afternoon at his home one mile west of Markleville, Madison county, according to word received by relatives in this county today. Mr. Mauzy was 70 years old, and left this county about six years ago.

He was a former county commissioner of Madison county, and was a wealthy farmer, but had been an invalid for the last two years, due to an attack of paralysis. Despondency over his ill health is believed to have prompted him to take his life.

He was born and reared on the farm in Madison county and moved here after he had married Miss Harriet Wilson of this city. For a number of years they resided in their property at 720 North Perkins street, moving from here to the farm about six years ago.

According to the word that the relatives received here, Mr. Mauzy ended his life by fastening a rope to the head of the bed while sitting in his wheel chair, and suspending his weight on the loose end of it. He was found about 4:30 yesterday afternoon with his body lying on the floor.

Coroner Sells of Anderson was summoned and stated that he had been dead a short time. He is survived by the widow; three sons, William, Ross and Ora Mauzy, all of Madison county; two brothers, Silas and William Mauzy, and three half brothers, Will, Isaac and George, all of Madison county. One sister, Mrs. Mary Jane Markle of Markleville, also survive. There are many distant relatives in Rushville and Rush county, who were shocked to learn of his death.

The funeral services will be held Friday morning at ten o'clock, at the late residence near Markleville, and burial will be made in a cemetery in the vicinity of the home. Many of the local relatives will attend the funeral services.

ANNIVERSARY CELEBRATED

Thirteenth Annual Election of Glen-
wood State Bank Held

The officers of the Glenwood State Bank celebrated the thirteenth anniversary of its founding Monday afternoon, when the officers assembled to finish up the year's business and hold the regular annual election. All officers and directors were re-elected without opposition. Thirteen years ago, when it was founded, it was a comparatively small and unknown institution, but today it is one of the soundest and most successful institutions of its kind in this vicinity.

The directors of the bank are B. F. Thiebaud, T. G. Richardson, F. B. Anstead, John F. Carlos, Jesse Murphy and T. C. McBurney. They re-elected the following officers for the bank: B. F. Thiebaud, president; Jesse Murphy, vice-president; T. G. Richardson, cashier.

TRUCK BREAKS DOWN

A truck belonging to Elsberry Pea, which was transporting George McBride's household goods from Mays to Chicago, where he will reside, broke down enroute there, according to word which has been received here. The accident has delayed the arrival of the Rev. and Mrs. Walter L. Kunkel, whose household goods were to be brought here from Danville, Ill., by Mr. Pea on the return trip. The Rev. Mr. Kunkel is the new pastor of the First Presbyterian church.

SANITARY CLEANERS SOLD

Albert Sweet Buys Establishment of
Paul Thorpe

Albert Sweet has purchased the Sanitary Cleaners establishment in Second street of Paul Thorpe, it was announced today, and will take possession next Monday.

Mr. Sweet, who has been a clerk at the George C. Wyatt & Co. furniture store for several years, has resigned his position, to become effective Saturday night. Mr. Thorpe has not decided what he will do after leaving the business which he established here several months ago.

The Sanitary Cleaners will retain the service of Lawrence Zehr, tailor.

OKLAHOMA CONGRESS WOMAN KNOWN HERE

Miss Alice Robertson of Muskogee,
Okla., Friend of The Misses Ella
and Elizabeth Stewart

IS RELATED AT GREENSBURG

Miss Alice M. Robertson, of Muskogee, Okla., who was elected to congress on the Republican ticket on November 2 in a "hopelessly Democratic" district, is well known in this city. The Misses Elizabeth and Ella Stewart, while visiting their brother, W. E. Stewart, and family in Muskogee last summer became personally acquainted with Miss Robertson, as she was an intimate friend of their brother's wife.

Miss Robertson is also said to be a niece of Prof. Leonard Worcester, a prominent musician and leader of the old Greensburg band some fifty years ago. Miss Robertson's mother was a sister of Mr. Worcester.

The Oklahoma congresswoman will be the second woman to take a seat in congress, Miss Jeanette Rankin of Montana, having been the first elected four years ago.

ELLIS MURDER TRIAL IS SET FOR NOV. 22

Knightstown Man, Charged With
Manslaughter for Killing William
Hart, Will Plead Self Defense

TO BE TRIED IN HENRY COURT.

The trial of Frank Ellis, Knightstown man charged with manslaughter for the killing of William Hart, will open here before a jury in the Henry circuit court, Newcastle, on November 22, according to a setting of the case today. The indictment against Ellis was returned by the Henry county grand jury after an investigation into the killing. Ellis is now free on a \$2,000 bond.

The controversy between Ellis and Hart, which resulted fatally for the latter, occurred on August 30, near Knightstown. Ellis, who is 25 years old, struck Hart, age 19, over the head with a club. Hart's skull was fractured. The altercation between the two occurred at about 10 o'clock in the morning and young Hart died at 5 o'clock in the afternoon. Upon learning of Hart's death Ellis gave himself up to Sheriff Yost.

Self defense will be the plea made during the trial by Ellis' attorneys. Two men who were with Ellis when the fight occurred have testified that the Hart boy attacked Ellis with the club and struck twice before Ellis took the club from him. They stated that the Hart boy then drew back and put both hands to one pocket as though to draw a weapon. Ellis then struck him over the head, they said. This statement was made by Roy Bell and George Jackson. Mrs. William Hart, Sr., mother of the dead boy, who was also present when the fight occurred, testified that Ellis was the aggressor. Ellis will be represented by Attorneys Floyd Newby of Knightstown and John A. Tittsworth of Rushville.

STRAW BALLOTS POINTED THE WAY

Rexall Vote Correctly Forecast Re-
sult in Every State Except
Oklahoma and Tennessee

BOTH OF THESE WERE CLOSE

As Early as October 15 it Appeared
That Senator Harding Would
Sweep The Country

Now that the smoke of battle has lifted, the ballots counted and the "I told you so's" settled down to their customary avocations, one can not fail to retrospect the almost infallible forecast the Rexall Straw Vote gave as to how the nation would vote on November 2.

With a total of 1,239,680 ballots recorded in the Rexall Straw Vote on November 6, as early as October 15 it was shown that Senator Harding would sweep the country, and roll up an unprecedented plurality over Governor Cox. Figures told this story. From every state in the union the ballots rolled in each day, and as the date of election approached, it was plainly evident that this plurality, hourly was increased.

The Rexall poll showed that senator Harding would have 379 votes in the Electoral College to 152 for Governor Cox. The actual figures, as based on the consensus of newspapers opinion to date show that the Rexall poll was short two states in the Harding column—Tennessee and Oklahoma—both of which had shown strong Democratic sympathies from the first. These states appear in the Rexall Democratic Column, while both were carried by the Republicans.

In the case of Tennessee, this is easily explainable. The mountain districts of Tennessee are strongly Republican; in fact the bulk of Republican strength in that state lies in these districts. These mountaineers rarely visit towns and cities. It is only when they come to the polls or to attend court, that they are lured from their mountain retreats. Few if any had an opportunity to register before election and in consequence this Republican strength was not recorded of shown in the Rexall poll.

In the case of Oklahoma, Senator Harding demonstrated strength and popularity in that state which was not recorded or shown in the Rexall figures. But the vote in this state was close at all times. In Tennessee's poll a few thousand votes would have swung it the other way.

The honesty and accuracy of the Rexall Straw Vote has unquestionably been sustained by results. Forty-six states out of a possible forty-eight, correctly placed, is ample proof that such a poll, taken under such far reaching conditions, has won its place in the limelight of accuracy, honesty and usefulness and that it achieved what no other similar attempt even approximated.

In a few days an analysis of the popular vote taken in the Rexall poll, as compared with the official count in all states, will be made. It is confidently believed that the proportions thus reached will be just as comparative table on the electoral vote.

RUSSIAN WILL LECTURE

Ilya Tolstoy to Speak at Manila
Methodist Church Saturday Night

Ilya Tolstoy, who is regarded as the greatest living authority on Russia, will lecture at the Manila Methodist church next Saturday night, as one of the numbers on the Manila high school lecture course. The high school was fortunate in being able to obtain Tolstoy because he is making only one other lecture in Indiana, and that is at Franklin college.

Tolstoy is a son of the late Count Tolstoy, the Russian novelist, and was born and reared in Russia. He lately returned from a visit in Russia and is well informed regarding conditions there.

WEBB'S SCHOOL IN ROLE OF HOST

Does Its Bit Towards Focusing At-
tention on Indiana Schools by
Inviting Inspection

OFFICIALS ARE ENTERTAINED

Rushville Township Consolidated
Building Has All Conveniences
of a City School

Webb's school, southwest of Rushville, did its bit today towards focusing attention on the schools this week in an effort to raise the standard in Indiana, by entertaining school officials and a representative of the Daily Republican.

Several classes were visited and the guests were entertained at noon with a lunch prepared by the domestic science class of twelve girls, taught by Miss Henrietta Talbert.

The Noble township consolidated school at New Salem is preparing to entertain the patrons of the township and school officials next Friday afternoon as a part of the better schools week observance. Judge Will M. Sparks and the Rev. L. E. Brown of this city have been invited to be present.

A visit to Webb's school, the only consolidated school in Rushville township, will convince anyone that there is no difference between attending school there and in Rushville. The building was completed four years ago and is equipped with all of the habiliments of a most modern and up-to-date school.

There is a steam heating plant, running water for drinking purposes and the toilets and shower bath, splendid lighting arrangements and a gymnasium where the boys spend most of their spare moments at basketball. The building is wired for electricity and on November, the trustee will receive bids for an electric light plant which will be installed so that the building will be available for community gatherings in the evening, and for basketball games.

Webb's now supports an accredited high school with a three year course. Next year another year will be added and an effort will be made to obtain a commission from the state board of education.

There are 126 pupils in the school who come from all parts of southern Rush county, and the enrollment in the high school totals about forty.

The high school recently went through the formality of holding an election. The first step was a registration in which all but two pupils were persuaded. When election day came, polls were erected and an election board formed. Sample ballots were used in voting, and every registered pupil except one, who was sick election day, voted. Gov. Cox defeated President-elect Harding, 20 to 19, but seven candidates on the republican county ticket were elected.

The guests of the school today were James V. Young, township trustee; C. M. George, county superintendent; James G. Miller, county attendance officer, and R. E. Harrod of the Republican.

John Geraghty of this city is principal and teaches science, mathematics and Latin. Miss Gertrude A. Elliott teaches English and history; Miss Talbert, music, drawing and domestic science; Miss Mae Laughlin, 7th and 8th grades; Miss Sylvia Mullins, 5th and 6th grades; Miss Mary Houchins, 3rd and 4th grades and Miss Margaret Mahin, 1st and 2nd grades.

The teachers enjoy lunch at the school every Wednesday and Thursday noon. It is served as a part of the class work of the domestic science class.

REAR ADMIRAL DIES

Annapolis, Md., Nov. 10.—Rear Admiral Howard died suddenly in his apartment here today. He was found unconscious this morning in his bathtub and expired shortly after being found. He was 66 years of age. He was a former commander of the division of the Atlantic fleet. In the naval academy he was director of athletes.

SHERIFFS CANVASS VOTE

Officials of Decatur, Rush and Hancock Meet at Greensburg

Sheriff E. M. Jones went to Greensburg this morning, where he and the sheriffs from Hancock and Decatur counties will canvass the vote for joint senator from these three counties. The law provides that the sheriffs shall meet soon after the election and tabulate the official votes in their respective counties. The sheriffs will have certified copies of the number of votes given each candidate, and after each county's vote has been canvassed, the candidate receiving the greatest number will be notified of his election. It is known that Rowland Hill Republican, of Carthage had a large plurality over James T. Arbuckle, Democrat, of this city.

JOHN SMITH DIES SUDDENLY AT MILROY

Is Stricken This Afternoon While
Working at The Residence of
Clyde Archey

WIDOW AND 2 SONS SURVIVE

John Smith, among the oldest residents of Milroy, died suddenly this afternoon at 1:30 o'clock, while working at the residence of Clyde Archey in Milroy. Mr. Smith was about 75 years old, and while he had not been in the best of health for several weeks, he was not considered seriously ill.

He was engaged today in setting out fruit trees at the Archey residence, and was working in the yard when he died. His death was probably due to heart failure, induced by the infirmities of old age. Mr. Smith was caretaker at the Milroy cemetery for years, having been forced to give up the position because of ill health.

He came to Milroy when he was a young man, from Illinois, and made his home in Milroy from that time. The deceased is survived by a widow, and two sons, Claude who resides in Michigan and Otis Smith who lives in Rushville. The latter is employed by a local poultry firm, and was on a route this afternoon when the news of his father's death reached this city.

The funeral arrangements have not been completed.

FRENCH GENERALS WERE THEIR GUIDES

The Rev. M. W. Lyons Gives Lucid
Account of Tour of Battle-
fields in Talk at K. of C. Hall

COURTESIES SHOWN PARTY

Eighty-five members of the Knights of Columbus lodge heard the Rev. M. W. Lyons of Irvington, former pastor of St. Mary's Catholic church, give a graphic description of his tour of Europe this summer, last night at the lodge hall.

Father Lyons made a six weeks trip abroad with a party of 240 Knights of Columbus. He gained much information regarding the war because the party was honored by having the commander of the army who won the victory, as a guide on the tour of the French battlefields. The members of the party traveled in a special train of eight coaches and lived on the train when hotel accommodations were not available.

Father Lyons gave a very lucid account of his trip from the time he landed in France and attended the unveiling of the Lafayette monument at Metz until he reached Dublin on the return trip home. He said that he had no difficulty in going to Dublin. Father Lyons visited all of the European capitals, including Berlin, and had an audience with the pope.

An error was made in the Mystic theater ad last night in giving the prices as 10 and 20 cents. They should have been 15 and 25 cents, the same as the night before.

HARDING CATCHES HIS FIRST TARPON

Lands One Four Feet and Five Inches
Long Today After Losing
Big One Tuesday

MRS. HARDING QUALIFIES

After 30 Minute Struggle President-
elect's Wife Hauls in The
Prize Catch

(By United Press)

Point Isabel, Texas, Nov. 10.—Senator and Mrs. Warren G. Harding, captured their first tarpon today. The senators fish was four feet and five inches long and Mrs. Harding's was five feet and nine inches in length. It was fifteen minutes before the president-elect landed his prize and Mrs. Harding struggled for at least thirty minutes before she landed her catch.

Undaunted by his failure to land a big tarpon after a forty-minute struggle, President-elect Harding ventured out into the bay this morning again to try his luck.

Senator Harding also spent considerable time consulting the best minds of this little fishing village regarding cures for mosquito bites and sunburn, both afflictions having been visited on the President-elect as liberally as on lesser persons here.

Senator Harding has taken to tarpon fishing, hook, line and sinker. He canceled his plans for golfing, today and was out at sunup, across the bay to the best fishing ground. Had the troll line not broken Senator Harding would have landed his big catch yesterday.

Mrs. Harding does not fancy sitting out in a boat in the hot sun all day, and she is spending her part of the vacation in the seclusion of the Creager cottage. Dressed in the most comfortable of light clothes, Mrs. Harding is dividing her time between reading, chatting with friends and her daily siesta.

Although the primitive life here is beginning to tell on some members of the party, most of them are roughing it with great relish. Senator Davis Elkins, millionaire coal baron, resembles a broiled lobster, but he talks of nothing but the bites he is having. He landed a tarpon five and one-half feet long his first time out.

ATTEMPT TO MURDER WHOLE FAMILY FAILS

Elmer Keiserman, 18, Accused of
Having Bargained With Carl
Johnson, 17, to Kill Relatives

TO INHERIT ESTATE, MOTIVE

(By United Press)

Norton, Kas., Nov. 10.—Carl Johnson, 17, made an unsuccessful attempt to murder an entire family of five at Almena near here, according to charges filed in the district court here today.

Johnson was to receive a fee of \$200 for performing the act, and according to the alleged confession, he implicated the eighteen year old son of the family.

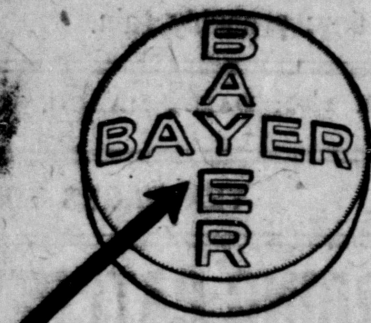

Elmer Keiserman, agreed to pay Johnson \$200 to murder his sister, mother, father, grandmother, and brother, so that Elmer could inherit the estate.

The wholesale murder was planned at Almena, according to Johnson. Elmer obtained a small revolver and gave it to him so that he could perform the tragedy. It is alleged that the victims were to be slain while the family were eating supper.

On the day the act was to be performed, Johnson went to the Keiserman home, while the group was assembled around the supper table. He went to a window and opened fire, firing six shots. One wounded the daughter in the eye and another took effect in the grandmother's neck. After the shooting Johnson threw the gun away and ran. Jack Keiserman gave chase and Johnson was later captured in Almena.

PRELIMINARY PLANS

Expected Harding's Advisors Give Him Complete Information

Washington, Nov. 10.—Preliminary work and plans for an association of nations promised by President-elect Harding, are progressing. As the result of what is being done it is expected that when Harding is ready to take up the question, his advisors will be able to give him complete information on these topics:

How far Europe will scrap the Wilson league, and how they will take a new association of nations; how many senators will support and how many will oppose his idea of a new association, together with details of the opinions existing.

Have Pains?

Aches and pains seem to be the lot of the ordinary mortal. However, these should be taken simply as nature's warning signals that some part of the human machine is out of order. It is a mistake to resign one's self to physical torture when the cause can be removed.

STATE RESOURCES INCITE INTEREST

Industrial Companies Seek Information About Natural Minerals in Indiana

INCLUDES MANY ARTICLES

Cement is Among The Big Items and Three Companies Are Seeking Indiana Locations

Indianapolis, Ind., Nov. 10.—More than the usual amount of interest is being exhibited by industrial companies in the natural resources of Indiana, according to statements made in a report presented to the state department of conservation by Dr. W. N. Logan, state geologist. Among the materials concerning which inquiries have been made are cement, materials, mineral paints, rock salt, fuller's earth, oil shales, coal, refractory sands, brick clays kaolin.

The demand for cement at the present time exceeds the supply, says Dr. Logan. Renewal of construction work held in abeyance during the period of the war, extensive road building programs and transportation difficulties for certain materials, have each contributed to the increased demand.

The raw materials for the manufacture of cement in Indiana are unlimited and inexhaustible, according to the state geologist, but the essential combination of factors for plant location are more difficult to obtain. The essential requirements are abundant water supply, ready access to transportation, high aluminous clays or shales, and low magnesia limestones.

Three cement companies have recently sought locations in Indiana. Two of these have secured tentative sites and are testing out the raw materials and checking out the engineering problems.

According to Dr. Logan high silica refractory sands are being sought for foundry work.

U. S. Public Health Service Commends Red Cross Roll Call

The Public Health administrator does not exist who has not been faced repeatedly with apparently insuperable obstacles in attempting to carry into effect various worthy projects for the promotion of public health. Most frequently such obstacles consist in the lack of legal authority to undertake certain necessary phases of the work in question. How welcome then, the assistance of a powerful organization to which the restrictions do not apply, and which is ready to give its support to worthy efforts for the promotion of public health!

Under its present wise guidance the American Red Cross may in this way undoubtedly fill a very important place as a welcome auxiliary, and public health officers, federal, state and local, will continue to turn to this organization for effective cooperation for the common good.

I have had an unusual opportunity during my tour of duty with the Navy and in Europe during the recent war to observe the great humanitarian work of the American Red Cross. In this field it fills a gap that no governmental organization

could fill, and I believe its field in this respect is still one in which plenty of further progress can be made.

HELP IN CLEANING UP HUMAN REFUSE

Over Thousand American Nurses Scattered Throughout Europe Ministering to Save People

TO SPEND SUM OF \$20,000,000

Red Cross Plans to Put 150 Trained Units in Field to Look After 2,000,000 Children.

(By United Press)

Paris, Nov. 1. (By Mail)—Two years after the armistice, the American Red Cross today is still Big-Brothering eighteen war-stricken nations, helping to clean up the human refuse of the war.

Over a thousand American nurses, doctors and relief workers wearing Red Cross insignia are scattered throughout Europe ministering, in many cases, to the same people against whom they were fighting in 1918. It is estimated that around 400,000 received help last month in Austria-Hungary and Poland alone.

At the general headquarters in Paris, the organization holds itself ready to answer a call for help from any part of Europe. When thousands were rendered homeless by the earthquake in Italy, the American Red Cross rushed quantities of provisions and corps of skilled doctors to the devastated Carrara district. When Gen. Deniken's offensive collapsed in South Russia and some two million refugees crowded into Crimea, the Red Cross saw to it that they did not starve.

In devastated France one and a half million francs worth of provisions were distributed free this last year. An equal amount was handed over to needy in Eastern and Central Europe.

In fact, all Europe has formed the habit of looking toward the American relief organization to direct "first aid" measures, no matter where the catastrophe or suffering may be. Thanks to it and the Hoover Relief Commission, America has gained the reputation of the world's great altruist and philanthropist.

With a 1921 appropriation of \$20,000,000 already assured for next year's work here. Red Cross chiefs are planning to concentrate on child welfare throughout the continent, thus helping to stave off the ill effects of war—physical and mental—upon the coming generation.

The Red Cross plans to put 150 trained units in the field to look after the physical welfare of the 2,000,000 children whom the American Relief Association is feeding. Up to the present the Red Cross has been able to go into this work on a limited scale only.

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect.

No Really White Silk.

There is no such thing as pure white silk. There are three colors of so-called white silk, oyster, which is sometimes called pure white, though it has a slight blue tinge; ivory, which has a tinge of pale yellow, and cream, in which the yellow tone can be plainly seen.

Absolute Proof.

There is one infallible method by which a man's greatness may be judged. If your friend sits mum for half an hour, listening to you discuss your favorite topic, then you know beyond the shadow of a doubt that he is a broad-minded as well as a brilliant conversationalist.

Investing a Corn Crop

The greatest corn crop in history will be harvested in America this year. The present promise of 3,216,192,000 bushels of corn is over 90,000,000 bushels in excess of any crop ever grown and nearly 300,000,000 bushels more than was produced last year. The condition of the crop as predicted by the crop re-

porting board of the department of agriculture is 24.3 points higher than the average and the highest since 1906.

There will be about 200,000,000 bushels of oats more grown than last year, the crop approximating 1,444,362,000 bushels.

Those figures, announced by the department of agriculture mean that hundreds of million of dollars will go into the hands of the farmers of America. How many of those millions remain in those hands and how many are allowed to slip through those hands, depends upon the individual farmers themselves.

Not all, by any means, will be profit. But none will be profits unless and until they are safely and profitably invested. It is not how much the farmer gets for his crop but what he is able to keep that counts.

If he is led into unsafe investment he will have no profits even if he sold his entire crop for far more than it cost to raise. If he wastes the money for his crop on what he does not need or really want, he will have no profits.

Even if the farmer keeps the money he gets for his crops, he may miss a good part of his annual profits unless he invests it wisely. Idle money is just as much a burden as

an idle horse eating his head off in the barn.

But the farmers of America can put their crop dollars to work. They can consolidate and hold their profits and increase them if they will. Liberty Bonds at present prices offer an opportunity to do both. The securities of the U. S. government not only pay a satisfactory interest, but they are sure to advance to par at maturity. The money invested in them is safe, because it is backed not only by the great crop itself, but the prospect of all future crops and the total wealth and taxing power of the greatest government in the world.

The money so invested is available for use almost as though it were cash, for Liberty Bonds are a recognized prime security for any loan the farmer is likely to need.

Forehanded Legislators

When congress meets on December 6 it will have less than three months in which to consider and pass upon estimates of appropriations which will probably close to \$6,000,000,000. The foresight of the house leaders in the last session in combining in one committee jurisdiction over all the general appropriation bills will then be appreciated. The time is so short in which the measures must be passed that were they to be considered by several different committees, as heretofore, there would scarcely be opportunity sufficient to determine the relative urgency of the appropriations in each, or to compare their totals with the amount of estimated revenue. Under the system as it is, it will be possible to treat all money bills in their relation to each other, and to allot funds to the various executive departments with strict impartiality.

There's always some contrary hick ready to spoil a perfectly good thing. As soon as the short skirts came into style the bootmakers trotted out their high topped boots.

Ohio having trotted out two favorite sons, the rest of the country came nobly to the rescue and decided which was the favored of the favorites.

ADDED YEARS TO
LIFE, SHE SAYS

After Two Attacks of 'Flu' Mrs. Peck Gave Up Hope of Ever Being Able to Walk Again.

"I was unable to walk and at the time I started taking Tanlac didn't expect to ever be on my feet again, but I am now in splendid health and am doing my housework for the first time in two years."

The above remarkable statement was made recently by Mrs. Hattie Peck of 603 East Coldfox Ave., South Bend, Ind.

"For many years I had been in failing health. I didn't care to ever eat anything much, when I did gas formed on my stomach and I suffered dreadfully from heartburn. Then a year ago last winter I had the influenza, and was down in bed for six long months. After I was able to sit up I was so weak I could not walk without help."

"Then last winter I had another attack of the influenza, and after I was able to sit up this time, my limbs were so stiff and the muscles so sore that I could not get up from a chair without help."

"One day some friends came in to see me and advised me to try Tanlac. I did so and in a few days I felt hungry and as I began to eat better my strength came back."

"I continued to improve steadily until now I have taken seven bottles and am in such fine health that it just seems almost too good to be true. My appetite is just fine and I can eat just whatever I please and digest it perfectly. The stiffness and soreness has left my limbs and I can now do my housework with ease. My face has filled out and I feel better and stronger in every way. I am sixty-eight years old, but I feel that Tanlac has added many years to my life and I will praise it to my dying day."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McTarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

Dorothy Gish at the Princess

At last Dorothy Gish has fallen for the Royal Purple. Yes, it's a fact, the popular little comedienne will be seen as Her Royal Highness to the stenth degree when she appears as the heroine of "Little Miss Rebellion" at the Princess Theatre today.

If you have any doubts as to Dor-

thy's right to wear the royal robes, just glance at her titles in "Little Miss Rebellion". She is known as Her Sublime Grace, the Grand Duchess Marie Louise, hereditary Countess of Blavatski, Countess of Warsaw, Honorary Colonel of the Life Guard, and a dozen and one other titles too numerous to mention.

And this same titled little lady

finds herself, with a heavy date to go to a ragtime dance with Mike Casey of Dayton, O., one time private in the United States Army. And Her Highness, etc., etc., keeps the date, too.

"Little Miss Rebellion" was made for laughing purposes only, and if you know Dorothy Gish you know what that means. It is one of the funniest Paramount pictures thus far turned out for Miss Gish and her company of associate players and is an all-comedy company.

"Blind Youth," Mystic

A man who lived not wisely but too well is the artist hero of "Blind Youth," which will be at the Mystic today.

He was cast off by two women, his mother and his model, only to be rescued for fame and fortune by a third, who marries him. A few nights later she finds him alone in his studio with another woman in the small hours of the morning, and she has it on the word of his brother that things are as black as they appear.

Then comes a queer quirk of psychology, which saves the situation and many mistakes, resulting in an understanding between husband and wife that cannot be clouded.

GRIDDLE CAKES and WAFFLES

From the NEW ROYAL COOK BOOK

THERE is an art in making flapjack pancakes, griddle cakes or wheats, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes.

Here are some recipes for a variety of breakfast cakes that will make grandmother envious. The secret, of course, is Royal Baking Powder.

Royal Hot Griddle Cakes

2 cups flour
1/2 teaspoon salt
4 teaspoons Royal Baking Powder
1 1/2 cups milk

Mix and sift dry ingredients; add milk and melted shortening; beat well. Bake on slightly greased hot griddle.

Griddle Cakes with Eggs

1 1/2 cups flour
1/2 teaspoon salt
3 teaspoons Royal Baking Powder
2 eggs
1 1/2 cups milk

Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

Buckwheat Cakes

2 cups buckwheat flour
1 cup flour
4 teaspoons Royal Baking Powder
1/2 cup milk
1/2 cup molasses
1/2 cup water
1 tablespoon shortening

Sift together flours, baking powder and salt; add liquid, molasses and melted shortening; beat three minutes. Bake on hot greased griddle.

Waffles

2 cups flour
4 teaspoons Royal Baking Powder
1/2 teaspoon salt
1 1/2 cups milk
1 egg
1 tablespoon melted shortening

Sift flour, baking powder and salt together; add milk to yolks of eggs; mix thoroughly, and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well greased hot waffle iron until brown. Serve hot with maple syrup. It should take about 1 1/2 minutes to bake each waffle.

INDEPENDENT TEAMS WILL STAGE TOURNEY

Plan is to Select Championship Five Among Basketball Organizations in The State

TO HAVE SECTIONAL MEETS

Indianapolis, Ind., Nov. 10.—Plans are under way to make Indiana not only the leading high school basket ball state, but also make Indiana the largest Amateur Independent Basket Ball state in the country. Wayne Emmelmann of Indianapolis, well known basket ball promoter of Indiana, is behind a big movement this season to decide the rightful Amateur Independent Basket Ball Champions of Indiana in a championship way. Early reports from various teams over the state show way to a strong association.

Emmelmann last season held a two day tourney at Indianapolis where twenty of Indiana's leading amateur teams played to decide the championship in the 150 pound class. The tourney proved very successful and a very high class brand of basket ball was delivered by the tossers.

The tourney this season will be open to every amateur Independent team in the state regardless of weight or age but the team must be composed of players rated as amateurs. It is believed that at least two hundred teams in the state will participate in the championship games. The state winner will be decided on the same plan as the high school basket ball champions are decided each year. The winners of these sectional tourneys will meet in the final at Indianapolis, February 24th, 25th and 26th to determine the rightful Champions of Indiana.

Entry blanks for the big classic will be ready this month and all teams are requested to write Wayne Emmelmann, 219 West Washington street, Indianapolis, for information.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

Invitations have been issued for a formal party to be given Friday afternoon at the home of Mrs. Frank Capp, 334 North Main street, with Mrs. Capp, Mrs. Walter Capp, Mrs. Albert Capp, Mrs. John Carr and Mrs. T. W. Lytle as hostesses. The hours are from 2 to 4 and from 4 to 6.

The Woman's Home Missionary society of the St. Paul's M. E. church will meet Thursday afternoon at two o'clock in the parlors of the church. A special program has been prepared and supplies for the Navajo Mission school will be on display. Members of the society and their guests are urged to be present.

The W. R. C. Penny Social was delightfully entertained yesterday afternoon at the home of Mrs. George Murphy in West Second street. Mrs. Mary Young and Mrs. Turner were the assisting hostesses. Twenty-eight members were present to enjoy the splendid program that was given. Mrs. Hoadley in a charming manner gave a select reading which was greatly appreciated by all present. The next meeting will be held with Mrs. Mary Young the first Tuesday in December.

Miss Lulu Wright was delightfully surprised Tuesday evening by a number of her friends at her home south of the city, the affair being in honor of her birthday. After an evening of games, delicious refreshments were served. The guests were the Misses Bertha Clark, Ruth Casey, Elizabeth Maby, Vera Houchins, Mildred Newbold, Hazel Hall, Flossie Kennedy, Lillian Culbertson, Grace Banty, Ruby Barnes and Carl

Wright, Bert Redden, Arnold Redden, Bonnie Wright, Howard Higgs, Russell Aldrich, Ordell Salliers, Earl Hall, Roy Kennedy and Fred Myers.

Thanksgiving Hymn Well Liked at Birth But Now Forgotten

The first presidential Thanksgiving proclamation was that of President Washington in 1789 on the occasion of the adoption of the Constitution, the day, curiously enough, being November 26—the date of celebration of 1863. This latter was the real forerunner of our national Thanksgiving day. Occasional and special times of thanksgiving had often been appointed by different Presidents, but the year 1863, famous for its decisive national victories, marked also the beginning of the annual series of Thanksgiving days.

The great victories of Gettysburg and Vicksburg were really the cause of Lincoln's proclamation, and his example has been followed by all his successors until the annual festival has become one of our national institutions.

The proclamation of 1863 was remarkable as the first of a series, extending now over fifty years. It was also noticeable because it was the occasion of a thanksgiving hymn by the famous Reverend Doctor Muhlenburg of St. Luke's hospital, New York city. He is well known as the author of the familiar hymn, "I Would Not Live Away," and a poet of no small repute. Mr. Lincoln's glowing words met his eye and struck a responsive chord in his heart. A noble Thanksgiving hymn was the result, a hymn which at the time was often sung, but is now comparatively forgotten. It was published with appropriate music, and even yet is suitable for use on similar occasions.

The hymn contains nine stanzas, with chorus, and takes up in order the various causes for thanksgiving mentioned in Mr. Lincoln's proclamation. The original title was "Give Thanks All Ye People," the first verse being as follows:

Give thanks, all ye people, give thanks to the Lord,
Alleluia of freedom with joyful accord;
Let the East and the West, North and South roll along,
Sea, mountain and prairie, one thanksgiving song.

Chorus.
Give thanks, all ye people, give thanks to the Lord,
Alleluia of freedom, with joyful accord.

As the hymn was suggested by Mr. Lincoln's call upon the nation to give thanks, Doctor Muhlenburg spoke of it as "The President's Hymn," but would not permanently offer such a title without Mr. Lincoln's approval. Mr. Robert B. McIntire, a prominent member of Doctor Muhlenburg's congregation, was greatly pleased with the poem, and sent a copy to the President, with whom he was personally acquainted, asking permission to name the hymn as the author desired. Mr. Lincoln telegraphed back: "So let it be."

In July, 1865, Dr. Horace Bushnell published in "Hours at Home" an article attacking the well-known hymn, "America," as an unworthy and really humiliating effusion—as a political anthem. Doctor Bushnell thus refers to Doctor Muhlenburg's production:

"The hymn and air that were given to the public by Doctor Muhlenburg a short time ago appear to have missed the accident of being fairly born, and for that reason have not succeeded. The want of good accident here is fatal, but the hymn has real merit. It was too long and included three or

four verses that could have been omitted with advantage. Otherwise it might have stuck and would have had a fair chance of success; for the music, which we know only by the eye, and never heard in a public performance, appeared to have a look of promise."

The next known reference to this hymn occurs in connection with the observance of the fiftieth convocation of the University of Illinois, on November 20, 1913. The Alumni Quarterly says: "Touches of the unusual were added to the exercises by the singing of a forgotten hymn, dedicated to Lincoln in 1863 by Reverend Doctor Muhlenburg. The hymn, which had not previously been sung in public, was discovered by Professor Dodge in a contemporary issue of the New York Tribune."

Preparing for Thanksgiving.
Be ready for Thanksgiving by always having a list of your blessings corrected up to date.

The Rebekah Crochet club will meet Friday afternoon at the home of Mrs. Harry Lucas, 1028 North Perkins street. All the members are urged to be present.

Mrs. Harry Clifford will be hostess for the pitch-in dinner to be given by the members of the American Literary club, Friday, instead of Mrs. Fred Oldham, as previously planned. Mrs. Clifford lives north of the city.

The meeting of the Yomo club which was to have been held tomorrow afternoon at the home of Mrs. C. S. Hester in North Main street, has been postponed, and the members will be notified later as to the date of the meeting.

Mrs. Allie Aldridge entertained the members of the Wednesday Afternoon club this afternoon at her home in North Perkins street. The ladies enjoyed the hours over various kinds of needlework and with an informal social party. The hostess served a delectable luncheon.

During the business session of the meeting of the Pastor's Aid Society of the Main Street Christian church, held yesterday afternoon in the parlors of the church, the ladies made arrangements for a

Mrs. George Urbach was hostess for the members of the Loyal Daughters of the Main Street Christian church last evening at her home in East Third street. An informal social evening following the business session was enjoyed by the members present. Delicious refreshments were served at the close of the meeting.

"The Graded Sunday School in Principle and Practice," was the subject of the splendid address given by Miss Lois Fritter at the meeting of the officers and teachers of the St. Paul's M. E. Sunday school last evening which was held at the home of Mr. and Mrs. J. H. Scholl. Miss Fritter's lecture showed how the graded Sunday school lessons could be used to a good advantage in a school the size of the M. E. Sunday school and the value obtained by the pupils of the school.

The voice pupils of Charles Dobson gave a splendid song recital at the home of Miss Florine Groenier in North Main street last evening. The following program was given: Aria from "The Jewess," by Halevy, Ned Jackman; (a) "This Would I Do" by Chapman, (b) "Fate" by Buzzi-Peccia, (c) "Wake Up!" by Phillips, Mrs. Eakin; (a) "The Enchanted Glade," by Barker, (b) "The Stars Are Brightly Shining," by Bronte, Rowena Kennedy; (a) Serenade, by Posti, (b) "When Flaming Morn Burst Forth," by Florence Newell Barbour, Florine Groenier; (a) "Two Little Stars," by O'Hara, (b) "Gay Butterfly," by Hawley, Henrietta Talbert; (a) "Drifting," by Rockwell, (b) "Shipmates O'Mine," by Sanderson, Ned Jackman; (a) "Song of the Robin," by Anna Case, (b) "Dawn," Grace Porterfield Polk, Irene Reardon; duet, Vieni Meo by Campana, Mrs. Eakin and Mrs. Dobson. Miss Olive Buell was the accompanist for the program.

If you only knew how good National Bread really is, you would buy a loaf today. And, after that, you would serve it to your family at every meal. Children are particularly fond of it—the made-with-milk flavor is so appetizing. The large pound-and-a-half loaves have an excellent keeping quality, due to perfect baking. Buy a loaf today and note how readily every appetite responds.

Prospective Mothers who prepare carefully with Mother's Friend make Child-birth easier.

It is recorded of the primitive American Indian women that child-birth with them was entirely painless. Modern dress was unknown! Exacting social duties that wreck so many women of today were a minus quantity in their lives; and so it is small wonder that the weaker sex becomes a prey to misgivings when approaching maternity nears the crisis. But this should not be—because—
—the prospective mother can find comfort in MOTHER'S FRIEND. An external lubricant that spreads its influence over the skin; penetrates to the broad, flat abdominal muscles, and prepares the way for an easier, quicker and practical delivery. Many doctors and nurses recommend MOTHER'S FRIEND. Get a bottle from your druggist today. For valuable booklet—"MOTHERHOOD and The BABY"—free, fill in coupon below and mail direct to the makers of MOTHER'S FRIEND. **WARNING:** Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

ARRANGES FOR 382 FARMER MEETINGS

Purdue Completes Schedule For Many Institutes to be Held in State This Winter

36 DIFFERENT SPEAKERS

H. L. Beale of This County, Dr. L. C. Kigin, and Marion Detrick Among Them

Lafayette, Ind., Nov. 9.—A total of 382 farmers' institute meetings with 36 different speakers, will be held throughout Indiana during November, December, January and February, according to the completed schedule which has been prepared by Prof. W. C. Latta, farmers' institute specialist of the Purdue University Agricultural Extension Department. The first meetings will be held Nov. 16 in the following counties: Pike, Harrison, Perry and Lawrence. To insure stronger programs, one-day sessions only have been scheduled, but in many cases the counties will hold two-day meetings. In such cases the assigned speakers will present the underlying home practices while the local phases of the subjects will be discussed by local speakers. Thirty-one meetings will be held in November, 83 in December, 159 in January and 109 in February.

The list of speakers includes well qualified agricultural authorities from Indiana and seven specialists from Purdue University. The Purdue workers who will talk to the farmers and their wives at the meeting are A. T. Wianeko, Miss Lella R. Gaddis, C. T. Gregory, H. W. Gregory, Dr. L. C. Kigin, W. A. Ostrander, Miss Inez Richardson and R. L. Thomas. The remainder of the speakers are as follows: H. L. Beale, New Salem; M. J. Briggs, Macy; Mrs. Rufus Brown, Goshen; Mrs. H. J. Deller, South Bend; M. F. Detrick, DeGraff, Ohio; W. A. Douglass, Bargersville; Mrs. Morton W. Fordice, Russellville; Taylor Fouts, Camden; Mrs. E. K. Givens,

Freedom; Mrs. Wm. Goldsmith, Spencer; Clarence Henry, Hebranon, O.; M. C. Johnston, Aurora; Maurice S. Lefuze, Liberty; J. W. Mertz, Corinna; Miss Ethelwyn Miller, Franklin; Mrs. Hortense Tapp Moore, Rockville; R. A. Ogg, Greencastle; Mrs. L. T. Pierce, Indianapolis; J. P. Prigg, Middletown; L. A. Ralston, Orleans; W. H. Senour, Brookville; Mrs. C. W. Sewell, Otterbein; Mrs. John W. Spindler Grabbill; Mrs. E. T. Stanley, Liberty; R. L. Thompson, Topeka and Mrs. Carl Tuttle, Pleasant Lake.

The institute work in each county will be under the direct charge of the county chairman who will cooperate with the Purdue Extension Department. In addition to the meetings, each county is being urged to hold a boy's and girl's contest in the form of a competitive exhibit of farm crops and domestic products.

SLATED FOR TAX BOARD

Indianapolis, Ind., Nov. 10.—Charles Mendenhall, chairman of the ways and means committee in the house of last legislature, was reported today as slated for appointment to the state board to succeed Strange N. Gragan, whose term expires December 1. It is understood Goodrich and governor-elect McCray conferred on the appointment and that Mendenhall seemed to be the favorite. Mendenhall lives in Camby and is a farmer.

GOITRE REMOVED

By External Home Treatment For Indiana Lady. Now Able to Do Own Work

Note: It would be illegal to publish these statements if they were not true.

Mrs. Wm. Jones, 226 Short St., Lawrenceburg, Ind., says in her own home paper, the Lawrenceburg Press: "I have treated a goitre for 22 years with every remedy I could hear of. A friend advised me to use Sorbol Quadruple. I used 13 bottles and now I am well again. I noticed a change within a week and did not have that depressed feeling. The headache, choking, and nervousness was relieved. At time I was completely exhausted. I am now able to do my own work. I feel it my duty to tell my experience either personally or by letter.

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with regular daily work. Leaves parts in healthful normal condition. Requires ten minutes daily.

Does Your Husband Come Home Tired, Nervous, Irritable?

Physician Says Thousands Of Men Are Breaking Down Simply Because Their Blood Lacks Iron—Tells How To Convince A Husband That He Needs

NUXATED IRON

To Help Make Red Blood, Strength and Endurance

"Simply because his blood lacks iron, many an American husband who ought to be feeling young, full of health, vigor and energy and in a position to shower his family with every comfort and luxury is actually struggling to make ends meet—a disappointed and discouraged 'old' man who will probably end up in a nervous breakdown or be carried off by his first illness," says Dr. H. B. Vail, formerly physician in the Baltimore Hospital and a Medical Examiner.

"Because man, in the rush and tear of modern life has so little time to think about his blood's condition and is often so slow to admit any weakness, the signs that his blood may be low in iron are often first detected by the watchful, loving eyes of his wife. Does your husband come home pale and fagged out and too tired to do anything or go anywhere? Does he complain about being overworked—the lack of opportunity today—some other fellow's luck? Does he find fault with the food, the home or the youngsters' behavior? Does he seem unable for one reason or another to get ahead and make big money as you and he once confidently expected?"

"Then it may well be true that his blood lacks iron, for the men with plenty of iron in their blood are the healthy, strong ones with the keen minds and the physical energy and stamina to overcome all obstacles—make their own opportunities—and force their way to big positions, power and wealth. My advice to the wife who believes her husband capable of big things in this world is to see that he builds up the iron in his blood and for this purpose I have found nothing better than organic iron—Nuxated Iron. By enriching the blood, creating new blood cells, it strengthens the nerves, rebuilds weakened tissues, and helps instill new energy and endurance in the whole system. Nuxated Iron is used by over 4,000,000 people annually—used and endorsed by former United States Senators and Members of Congress—and in many cases to my knowledge, increases the strength and energy and endurance of run-down, nervous people in two weeks' time."

If your husband asks for proof that lack of iron is making him nervous, weak and holding him back in life, you can probably convince him with the following test: Have him see how long he can work or how far he can walk without becoming tired. Next have him take two tablets of Nuxated Iron three times daily after meals for two weeks. Then let him test his strength and see how much he has gained. **MANUFACTURERS' NOTE:** Nuxated Iron, which is recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make the tongue black, nor upset the stomach. Each tablet of genuine Nuxated Iron is stamped as follows and the words Nuxated Iron are stamped into each bottle, so that the public may not be led into accepting inferior substitutes. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists in tablet form only.

WOMAN DECLINES OFFICE

Refuses to Succeed Murdered Husband as Sheriff

Madisonville, Ky., Nov. 10—Mrs. R. Hunter has declined to become sheriff to succeed her husband who was murdered several days ago by Lee Ellison, negro. She refused, however, after a lengthy conference with relatives, Mrs. Hunter and other relatives have made a public appeal that no mob violence be done Ellison if he is caught. He is still at large and is thought to be in Evansville. Ellison's wife, whose throat was slashed by her husband, told authorities here that her husband had killed two men in Alabama and one in Cairo, Ill.

INTEREST IN APPLE SHOW

Prospects are That the Event Will Surpass Anything Like it

Lafayette, Ind., Nov. 10.—Indications that the 1920 Indiana Apple Show which will be held in the Women's building at the State fair grounds, Indianapolis, Nov. 15-20 will be one of the largest ever held in the Middle West, are increasing rapidly according to a statement issued today by H. H. Swain, secretary of the society. A number of Indiana growers have signified their intentions of entering exhibits in the competition with a large number that are being received from Ohio, Pennsylvania, Kentucky, Michigan, Illinois, and Missouri.

A meeting of the Indiana Fruit Growers' association on Tuesday and Wednesday Nov. 16, and 17 will be the opening feature of the program.

QUAKERISM WEEK TO BE OBSERVED

Special Week to be Celebrated in all Parts of Country From Dec. 5 To 12

URGE SPECIAL OBSERVANCE

Program of Services in Celebration of Quakerism Day is Suggested To Various Meetings

Richmond, Ind., Nov. 10.—"American Quakerism Week" is to be observed by Friends in all parts of the United States from Sunday, Dec. 5 to Sunday, Dec. 12, according to an announcement Monday.

Letters are being sent to each meeting of Friends urging that they make special observance of the week. Sunday, Dec. 5 is Quakerism day. A program of services in celebration of this day and meetings to follow during the week is suggested to the various meetings. Sunday, Dec. 12, the last day of "American Quakerism Week" will be Intercession day. A mid-week meeting, to be held on Thursday, Dec. 9, will also be held.

Following is a copy of the program suggested for use in the many Friends churches:

Sunday, Dec. 5—Quakerism day, Morning, sermon or address suggested on "The Message and Mission of Quakerism;" afternoon, "Friends education and service work;" evening, "Friends Home and Foreign Mission work." It is expected that about a half hour will be devoted to each of the suggested subjects.

Mid-week service, Friday, Dec. 9. Evening, Friends peace, temperance, publication, Bible school and Young Friends work. Each of these topics are to occupy about 10 minutes.

Sunday, Dec. 12.—Intercession

day. Morning, message on prayer. Afternoon, service of prayer for Friends work. Evening, Bible reading on prayer, with period of intercession.

Millions for a New Stomach

One of the greatest American millionaires said to his physician, "A million dollars, Doctor, spot cash and no grumbling, for a new stomach," and then the sick man groaned and turned away. All his wealth could not make him happy or contented, for happiness largely depends upon digestion. Without health where does happiness come in? After all the stomach plays a great part in everyday life. Without a healthy stomach and good digestion our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. Prevent disease by putting the house in order and strengthening the system against the germs of disease.

Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood diseases and their prevention, and he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that could be easily procured at the drug store (liquid or tablets). This he called Dr. Pierce's Golden Medical Discovery. This Discovery gives no false stimulation because it contains no alcohol or any narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. It gives to the blood the food elements the tissues require. For over fifty years it has enjoyed the confidence of the American public. Try it now!

J. FRANK MAUZY TAKES HIS LIFE

Former Rushville, Citizen Commits
Suicide at His Home in Markle-
ville, Madison County

LEFT HERE ABOUT 6 YEARS AGO

Despondency Over Ill Health Be-
lieved to Have Prompted Him to
Take His Life

J. Frank Mauzy, a former resident here, committed suicide yesterday afternoon at his home one mile west of Markleville, Madison county, according to word received by relatives in this county today. Mr. Mauzy was 70 years old, and left this county about six years ago.

He was a former county commissioner of Madison county, and was a wealthy farmer, but had been an invalid for the last two years, due to an attack of paralysis. Despondency over his ill health is believed to have prompted him to take his life.

He was born and reared on the farm in Madison county and moved here after he had married Miss Harriet Wilson of this city. For a number of years they resided in their property at 720 North Perkins street, moving from here to the farm about six years ago.

According to the word that the relatives received here, Mr. Mauzy ended his life by fastening a rope to the head of the bed while sitting in his wheel chair, and suspending his weight on the loose end of it. He was found about 4:30 yesterday afternoon with his body lying on the floor.

Coroner Sells of Anderson was summoned and stated that he had been dead a short time. He is survived by the widow; three sons, William, Ross and Ora Mauzy, all of Madison county; two brothers, Silas and William Mauzy, and three half brothers, Will, Isaac and George, all of Madison county. One sister, Mrs. Mary Jane Markle of Markleville, also survive. There are many distant relatives in Rushville and Rush county, who were shocked to learn of his death.

The funeral services will be held Friday morning at ten o'clock, at the late residence near Markleville, and burial will be made in a cemetery in the vicinity of the home. Many of the local relatives will attend the funeral services.

ANNIVERSARY CELEBRATED

Thirteenth Annual Election of Glen-
wood State Bank Held

The officers of the Glenwood State Bank celebrated the thirteenth anniversary of its founding Monday afternoon, when the officers assembled to finish up the year's business and hold the regular annual election. All officers and directors were re-elected without opposition. Thirteen years ago, when it was founded, it was a comparatively small and unknown institution, but today it is one of the soundest and most successful institutions of its kind in this vicinity.

The directors of the bank are B. F. Thiebaud, T. G. Richardson, F. B. Anstead, John F. Carlos, Jesse Murphy and T. C. McBurney. They re-elected the following officers for the bank: B. F. Thiebaud, president; Jesse Murphy, vice-president; T. G. Richardson, cashier.

TRUCK BREAKS DOWN

A truck belonging to Elsherry Pea, which was transporting George McBride's household goods from Mays to Chicago, where he will reside, broke down enroute there, according to word which has been received here. The accident has delayed the arrival of the Rev. and Mrs. Walter L. Kunkel, whose household goods were to be brought here from Danville, Ill., by Mr. Pea on the return trip. The Rev. Mr. Kunkel is the new pastor of the First Presbyterian church.

SANITARY CLEANERS SOLD

Albert Sweet Buys Establishment of

Albert Sweet has purchased the Sanitary Cleaners establishment in Second street of Paul Thorpe, it was announced today, and will take possession next Monday.

Mr. Sweet, who has been a clerk at the George C. Wyatt & Co. furniture store for several years, has resigned his position, to become effective Saturday night. Mr. Thorpe has not decided what he will do after leaving the business which he established here several months ago.

The Sanitary Cleaners will retain the service of Lawrence Zehr, tailor.

OKLAHOMA CONGRESS WOMAN KNOWN HERE

Miss Alice Robertson of Muskogee,
Okla., Friend of The Misses Ella
and Elizabeth Stewart

IS RELATED AT GREENSBURG

Miss Alice M. Robertson, of Muskogee, Okla., who was elected to congress on the Republican ticket on November 2 in a "hopelessly Democratic" district, is well known in this city. The Misses Elizabeth and Ella Stewart, while visiting their brother, W. E. Stewart, and family in Muskogee last summer became personally acquainted with Miss Robertson, as she was an intimate friend of their brother's wife.

Miss Robertson is also said to be a niece of Prof. Leonard Worchester, a prominent musician and leader of the old Greensburg band some fifty years ago. Miss Robertson's mother was a sister of Mr. Worcester.

The Oklahoma congresswoman will be the second woman to take a seat in congress, Miss Jeanette Rankin of Montana, having been the first elected four years ago.

ELLIS MURDER TRIAL IS SET FOR NOV. 22

Knightstown Man, Charged With
Manslaughter for Killing William
Hart, Will Plead Self Defense

TO BE TRIED IN HENRY COURT.

The trial of Frank Ellis, Knightstown man charged with manslaughter for the killing of William Hart, will open here before a jury in the Henry circuit court, Newcastle, on November 22, according to a setting of the case today. The indictment against Ellis was returned by the Henry county grand jury after an investigation into the killing. Ellis is now free on a \$2,000 bond.

The controversy between Ellis and Hart, which resulted fatally for the latter, occurred on August 30, near Knightstown. Ellis, who is 25 years old, struck Hart age 19, over the head with a club. Hart's skull was fractured. The altercation between the two occurred at about 10 o'clock in the morning and young Hart died at 5 o'clock in the afternoon. Upon learning of Hart's death Ellis gave himself up to Sheriff Yost.

Self defense will be the plea made during the trial by Ellis' attorneys. Two men who were with Ellis when the fight occurred have testified that the Hart boy attacked Ellis with the club and struck twice before Ellis took the club from him. They stated that the Hart boy then drew back and put both hands to one pocket as though to draw a weapon. Ellis then struck him over the head, they said. This statement was made by Roy Bell and George Jackson. Mrs. William Hart, Sr., mother of the dead boy, who was also present when the fight occurred, testified that Ellis was the aggressor. Ellis will be represented by Attorneys Floyd Newby of Knightstown and John A. Titsworth of Rushville.

STRAW BALLOTS POINTED THE WAY

Rexall Vote Correctly Forecast Re-
sult in Every State Except
Oklahoma and Tennessee

BOTH OF THESE WERE CLOSE

As Early as October 15 it Appeared
That Senator Harding Would
Sweep The Country

Now that the smoke of battle has lifted, the ballots counted and the "I told you so's" settled down to their customary avocations, one can not fail to retrospect the almost infallible forecast the Rexall Straw Vote gave as to how the nation would vote on November 2.

With a total of 1,239,680 ballots recorded in the Rexall Straw Vote on November 6, as early as October 15 it was shown that Senator Harding would sweep the country, and roll up an unprecedented plurality over Governor Cox. Figures told this story. From every state in the union, the ballots rolled in each day, and as the date of election approached, it was plainly evident that this plurality, hourly was increased.

The Rexall poll showed that senator Harding would have 379 votes in the Electoral College to 152 for Governor Cox. The actual figures, as based on the consensus of newspaper opinion to date show that the Rexall poll was short two states in the Harding column—Tennessee and Oklahoma—both of which had shown strong Democratic sympathies from the first. These states appear in the Rexall Democratic Column, while both were carried by the Republicans.

In the case of Tennessee, this is easily explainable. The mountain districts of Tennessee are strongly Republican; in fact the bulk of Republican strength in that state lies in these districts. These mountaineers rarely visit towns and cities. It is only when they come to the polls or to attend court, that they are lured from their mountain retreats. Few if any had an opportunity to register before election and in consequence this Republican strength was not recorded of shown in the Rexall poll.

In the case of Oklahoma, Senator Harding demonstrated strength and popularity in that state which was not recorded or shown in the Rexall figures. But the vote in this state was close at all times. In Tennessee's poll a few thousand votes would have swung it the other way.

The honesty and accuracy of the Rexall Straw Vote has unquestionably been sustained by results. Forty-six states out of a possible forty-eight, correctly placed, is ample proof that such a poll, taken under such far reaching conditions, has won its place in the limelight of accuracy, honesty and usefulness and that it achieved what no other similar attempt even approximated.

In a few days an analysis of the popular vote taken in the Rexall poll, as compared with the official count in all states, will be made. It is confidently believed that the proportions thus reached will be just as comparative table on the electoral vote.

RUSSIAN WILL LECTURE

Ilya Tolstoy to Speak at Manila
Methodist Church Saturday Night

Ilya Tolstoy, who is regarded as the greatest living authority on Russia, will lecture at the Manila Methodist church next Saturday night, as one of the numbers on the Manila high school lecture course. The high school was fortunate in being able to obtain Tolstoy because he is making only one other lecture in Indiana, and that is at Franklin college.

Tolstoy is a son of the late Count Tolstoy, the Russian novelist, and was born and reared in Russia. He lately returned from a visit in Russia and is well informed regarding conditions there.

WEBB'S SCHOOL IN ROLE OF HOST

Does Its Bit Towards Focusing At-
tention on Indiana Schools by
Inviting Inspection

OFFICIALS ARE ENTERTAINED

Rushville Township Consolidated
Building Has All Conveniences
of a City School

Webb's school, southwest of Rushville, did its bit today towards focusing attention on the schools this week in an effort to raise the standard in Indiana, by entertaining school officials and a representative of the Daily Republican.

Several classes were visited and the guests were entertained at noon with a lunch prepared by the domestic science class of twelve girls, taught by Miss Henrietta Talbert.

The Noble township consolidated school at New Salem is preparing to entertain the patrons of the township and school officials next Friday afternoon as a part of the better schools week observance. Judge Will M. Sparks and the Rev. L. E. Brown of this city have been invited to be present.

A visit to Webb's school, the only consolidated school in Rushville township, will convince anyone that there is no difference between attending school there and in Rushville. The building was completed four years ago and is equipped with all of the abilliments of a most modern and up-to-date school.

There is a steam heating plant, running water for drinking purposes and the toilets and shower bath, splendid lighting arrangements and a gymnasium where the boys spend most of their spare moments at basketball. The building is wired for electricity and on November, the trustee will receive bids for an electric light plant which will be installed so that the building will be available for community gatherings in the evening, and for basketball games.

Webb's now supports an accredited high school with a three year course. Next year another year will be added and an effort will be made to obtain a commission from the state board of education.

There are 126 pupils in the school who come from all parts of southern Rush county, and the enrollment in the high school totals about forty.

The high school recently went through the formality of holding an election. The first step was a registration in which all but two pupils were persuaded. When election day came, polls were erected and an election board formed. Sample ballots were used in voting, and every registered pupil except one, who was sick election day, voted. Gov. Cox defeated President-elect Harding, 20 to 19, but seven candidates on the republican county ticket were elected.

The guests of the school today were James V. Young, township trustee; C. M. George, county superintendent; James G. Miller, county attendance officer, and R. E. Harold of the Republican.

John Geraghty of this city is principal and teaches science, mathematics and Latin. Miss Gertrude A. Elliott, teaches English and history; Miss Talbert, music, drawing and domestic science; Miss Mae Laughlin, 7th and 8th grades; Miss Sylvia Mullins, 5th and 6th grades; Miss Mary Houchins, 3rd and 4th grades and Miss Margaret Mahin, 1st and 2nd grades.

The teachers enjoy lunch at the school every Wednesday and Thursday noon. It is served as a part of the class work of the domestic science class.

REAR ADMIRAL DIES

Annapolis, Md., Nov. 10.—Rear Admiral Howard died suddenly in his apartment here today. He was found unconscious this morning in his bathtub and expired shortly after being found. He was 66 years of age. He was a former commander of the division of the Atlantic fleet. In the naval academy he was director of athletes.

SHERIFFS CANVASS VOTE

Officials of Decatur, Rush and Hancock Meet at Greensburg

Sheriff E. M. Jones went to Greensburg this morning, where he and the sheriffs from Hancock and Decatur counties will canvass the vote for joint senator from these three counties. The law provides that the sheriffs shall meet soon after the election and tabulate the official votes in their respective counties. The sheriffs will have certified copies of the number of votes given each candidate, and after each county's vote has been canvassed, the candidate receiving the greatest number will be notified of his election. It is known that Rowland Hill Republican, of Carthage had a large plurality over James T. Arbuckle, Democrat, of this city.

JOHN SMITH DIES SUDDENLY AT MILROY

Is Stricken This Afternoon While
Working at The Residence of
Clyde Archey

WIDOW AND 2 SONS SURVIVE

John Smith, among the oldest residents of Milroy, died suddenly this afternoon at 1:30 o'clock, while working at the residence of Clyde Archey in Milroy. Mr. Smith was about 75 years old, and while he had not been in the best of health for several weeks, he was not considered seriously ill.

He was engaged today in setting out fruit trees at the Archey residence, and was working in the yard when he died. His death was probably due to heart failure, induced by the infirmities of old age. Mr. Smith was caretaker at the Milroy cemetery for years, having been forced to give up the position because of ill health.

He came to Milroy when he was a young man, from Illinois, and made his home in Milroy from that time. The deceased is survived by a widow, and two sons, Claude who resides in Michigan and Otis Smith who lives in Rushville. The latter is employed by a local poultry firm, and was on a route this afternoon when the news of his father's death reached this city.

The funeral arrangements have not been completed.

FRENCH GENERALS WERE THEIR GUIDES

The Rev. M. W. Lyons Gives Lucid
Account of Tour of Battle-
fields in Talk at K. of C. Hall

COURTESIES SHOWN PARTY

Eighty-five members of the Knights of Columbus lodge heard the Rev. M. W. Lyons of Irvington, former pastor of St. Mary's Catholic church, give a graphic description of his tour of Europe this summer, last night at the lodge hall.

Father Lyons made a six weeks trip abroad with a party of 240 Knights of Columbus. He gained much information regarding the war because the party was honored by having the commander of the army who won the victory, as a guide on the tour of the French battlefields. The members of the party traveled in a special train of eight coaches and lived on the train when hotel accommodations were not available.

Father Lyons gave a very lucid account of his trip from the time he landed in France and attended the unveiling of the Lafayette monument at Metz until he reached Dublin on the return trip home. He said that he had no difficulty in going to Dublin. Father Lyons visited all of the European capitals, including Berlin, and had an audience with the pope.

An error was made in the Mystic theater ad last night in giving the prices as 10 and 20 cents. They should have been 15 and 25 cents; the same as the night before.

HARDING CATCHES HIS FIRST TARPON

Lands One Four Feet and Five In-
ches Long Today After Losing
Big One Tuesday

MRS. HARDING QUALIFIES

After 30 Minute Struggle President-
elect's Wife Hauls In The
Prize Catch

(By United Press)
Point Isabel, Texas, Nov. 10.—Senator and Mrs. Warren G. Harding, captured their first tarpon today. The senators fish was four feet and five inches long and Mrs. Harding's was five feet and nine inches in length. It was fifteen minutes before the president-elect landed his prize and Mrs. Harding struggled for at least thirty minutes before she landed her catch.

Undaunted by his failure to land a big tarpon after a forty-minute struggle, President-elect Harding ventured out into the bay this morning again to try his luck.

Senator Harding also spent considerable time consulting the best minds of this little fishing village regarding cures for mosquito bites and sunburn, both afflictions having been visited on the President-elect as liberally as on lesser persons here.

Senator Harding has taken to tarpon fishing, hook, line and sinker. He canceled his plans for golfing, today and was out at sunup, across the bay to the best fishing ground. Had the troll line not broken Senator Harding would have landed his big catch yesterday.

Mrs. Harding does not fancy sitting out in a boat in the hot sun all day, and she is spending her part of the vacation in the seclusion of the Creager cottage. Dressed in the most comfortable of light clothes, Mrs. Harding is dividing her time between reading, chatting with friends and her daily siesta.

Although the primitive life here is beginning to tell on some members of the party, most of them are roughing it with great relish. Senator Davis Elkins, millionaire coal baron, resembles a broiled lobster, but he talks of nothing but the bites he is having. He landed a tarpon five and one-half feet long his first time out.

ATTEMPT TO MURDER WHOLE FAMILY FAILS

Elmer Keiserman, 18, Accused of
Having Bargained With Carl
Johnson, 17, to Kill Relatives

TO INHERIT ESTATE, MOTIVE

(By United Press)

Norton, Kas., Nov. 10.—Carl Johnson, 17, made an unsuccessful attempt to murder an entire family of five at Almena near here, according to charges filed in the district court here today.

Johnson was to receive a fee of \$200 for performing the act, and according to the alleged confession, he implicated the eighteen year old son of the family.

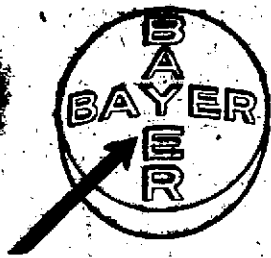

Elmer Keiserman, agreed to pay Johnson \$200 to murder his sister, mother, father, grandmother, and brother, so that Elmer could inherit the estate.

The wholesale murder was planned at Almena, according to Johnson. Elmer obtained a small revolver and gave it to him so that he could perform the tragedy. It is alleged that the victims were to be slain while the family were eating supper.

On the day the act was to be performed, Johnson went to the Keiserman home, while the group was assembled around the supper table. He went to a window and opened fire, firing six shots. One wounded the daughter in the eye and another took effect in the grandmother's neck. After the shooting Johnson threw the gun away and ran. Jack Keiserman gave chase and Johnson was later captured in Almena.

PRELIMINARY PLANS

Expected Harding's Advisors Give Him Complete Information

Washington, Nov. 10.—Preliminary work and plans for an association of nations promised by President-elect Harding, are progressing. As the result of what is being done it is expected that when Harding is ready to take up the question, his advisors will be able to give him complete information on these topics:

How far Europe will scrap the Wilson league, and how they will take a new association of nations; how many senators will support and how many will oppose his idea of a new association, together with details of the opinions existing.

Have Pains?

Aches and pains seem to be the lot of the ordinary mortal. However, these should be taken simply as nature's warning signals that some part of the human machine is out of order. It is a mistake to resign one's self to physical torture when the cause can be removed.

Foley Kidney Pills

tone up weak, inactive, sluggish kidneys and help rid the blood of poisons. These waste matter that causes aches and pains in arms and legs, backache, rheumatic pains, sore muscles, stiff or swollen joints.

Isaac B. Turman, Ashbury Park, N. J., writes: "My back caused me a great deal of trouble for some time. I experienced sharp, shooting pains which were due to the condition of my kidneys. One bottle of Foley Kidney Pills completely relieved me. The pains left my back. I recommend Foley Kidney Pills to my friends."

STATE RESOURCES INCITE INTEREST

Industrial Companies Seek Information About Natural Minerals In Indiana

INCLUDES MANY ARTICLES

Cement is Among The Big Items and Three Companies Are Seeking Indiana Locations

Indianapolis, Ind., Nov. 10.—More than the usual amount of interest is being exhibited by industrial companies in the natural resources of Indiana, according to statements made in a report presented to the state department of conservation by Dr. W. N. Logan, state geologist. Among the materials concerning which inquiries have been made are cement, materials, mineral paints, rock salt, fuller's earth, oil shales, coal, refractory sands, brick clays, kaolin.

The demand for cement at the present time exceeds the supply, says Dr. Logan. Renewal of construction work held in abeyance during the period of the war, extensive road building programs and transportation difficulties for certain materials, have each contributed to the increased demand.

The raw materials for the manufacture of cement in Indiana are unlimited and inexhaustible, according to the state geologist, but the essential combination of factors for plant location are more difficult to obtain. The essential requirements are abundant water supply, ready access to transportation, high aluminous clays or shales, and low magnesia limestones.

Three cement companies have recently sought locations in Indiana. Two of these have secured tentative sites and are testing out the raw materials and checking up the engineering problems.

According to Dr. Logan high silica refractory sands are being sought for foundry work.

FOR BURNING ECZEMA

Apply Zemo, the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

U. S. Public Health Service Commends Red Cross Roll Call

The Public Health administrator does not exist who has not been faced repeatedly with apparently insuperable obstacles in attempting to carry into effect various worthy projects for the promotion of public health. Most frequently such obstacles consist in the lack of legal authority to undertake certain necessary phases of the work in question. How welcome then, the assistance of a powerful organization to which the restrictions do not apply, and which is ready to give its support to worthy efforts for the promotion of public health!

Under its present wise guidance the American Red Cross may in this way undoubtedly fill a very important place as a welcome auxiliary, and public health officers, federal, state and local, will continue to turn to this organization for effective cooperation for the common good.

I have had an unusual opportunity during my tour of duty with the Navy and in Europe during the recent war to observe the great humanitarian work of the American Red Cross. In this field it fills a gap that no governmental organization

could fill, and I believe its field in this respect is still one in which plenty of further progress can be made.

Snake Oil

Will Positively Relieve Pain in a Few Minutes

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.

A new remedy used externally for Coughs, Colds, Croup, Influenza, Sore Throat, Diphtheria and Tonsillitis. This oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Manufactured by Herb Juice Medicine Co. only. Get it at the Wolcott Drug Store.

HELP IN CLEANING UP HUMAN REFUSE

Over Thousand American Nurses Scattered Throughout Europe Ministering to Save People

TO SPEND SUM OF \$20,000,000

Red Cross Plans to Put 150 Trained Units in Field to Look After 2,000,000 Children.

(By United Press)

Paris, Nov. 1. (By Mail)—Two years after the armistice, the American Red Cross today is still Big-Brothering eighteen war-stricken nations, helping to clean up the human refuse of the war.

Over a thousand American nurses, doctors and relief workers wearing Red Cross insignia are scattered throughout Europe ministering, in many cases, to the same people against whom they were fighting in 1918. It is estimated that around 400,000 received help last month in Austria-Hungary and Poland alone.

At the general headquarters in Paris, the organization holds itself ready to answer a call for help from any part of Europe. When thousands were rendered homeless by the earthquake in Italy, the American Red Cross rushed quantities of provisions and corps of skilled doctors to the devastated Carrara district. When Gen. Deniken's offensive collapsed in South Russia and some two million refugees crowded into Crimea, the Red Cross saw to it that they did not starve.

In devastated France one and a half million francs worth of provisions were distributed free this last year. An equal amount was handed over to needy in Eastern and Central Europe.

In fact, all Europe has formed the habit of looking toward the American relief organization to direct "first aid" measures, no matter where the catastrophe or suffering may be. Thanks to it and the Hoover Relief Commission, America has gained the reputation of the world's great altruist and philanthropist.

With a 1921 appropriation of \$20,000,000 already assured for next year's work here. Red Cross chiefs are planning to concentrate on child welfare throughout the continent, thus helping to stave off the ill effects of war—physical and mental—upon the coming generation.

The Red Cross plans to put 150 trained units in the field to look after the physical welfare of the 2,000,000 children whom the American Relief Association is feeding. Up to the present the Red Cross has been able to go into this work on a limited scale only.

Investing a Corn Crop

The greatest corn crop in history will be harvested in America this year. The present promise of 3,216,192,000 bushels of corn is over 90,000,000 bushels in excess of any crop ever grown and nearly 300,000,000 bushels more than was produced last year. The condition of the crop as predicted by the crop re-

porting board of the department of agriculture is 24.3 points higher than the average and the highest since 1906.

There will be about 200,000,000 bushels of oats more grown than last year the crop approximating 1,444,362,000 bushels.

Those figures, announced by the department of agriculture mean that hundreds of millions of dollars will go into the hands of the farmers of America. How many of those millions remain in those hands and how many are allowed to slip through those hands, depends upon the individual farmers themselves.

Not all, by any means, will be profit. But none will be profits unless and until they are safely and profitably invested. It is not how much the farmer gets for his crop but what he is able to keep that counts.

If he is led into unsafe investment he will have no profits even if he sold his entire crop for far more than it cost to raise. If he wastes the money for his crop on what he does not need or really want, he will have no profits.

Even if the farmer keeps the money he gets for his crops, he may miss a good part of his annual profits unless he invests it wisely. Idle money is just as much a burden as

an idle horse eating his head off in the barn.

But the farmers of America can put their crop dollars to work. They can consolidate and hold their profits and increase them if they will. Liberty Bonds at present prices offer an opportunity to do both. The securities of the U. S. government not only pay a satisfactory interest, but they are sure to advance to par at maturity. The money invested in them is safe, because it is backed not only by the great crop itself, but the prospect of all future crops and the total wealth and taxing power of the greatest government in the world.

The money so invested is available for use almost as though it were cash, for Liberty Bonds are a recognized prime security for any loan the farmer is likely to need.

Forehanded Legislators

When congress meets on December 6 it will have less than three months in which to consider and pass upon estimates of appropriations which will probably close to \$6,000,000,000. The foresight of the house leaders in the last session in combining in one committee jurisdiction over all the general appropriation bills will then be appreciated. The time is so short in which the measures must be passed that were they to be considered by several different committees, as heretofore, there would scarcely be opportunity sufficient to determine the relative urgency of the appropriations in each, or to compare their totals with the amount of estimated revenue. Under the system as it is, it will be possible to treat all money bills in their relation to each other, and to allot funds to the various executive departments with strict impartiality.

There's always some contrary hick ready to spoil a perfectly good thing. As soon as the short skirts came into style the bootmakers trotted out their high topped boots.

ADDED YEARS TO LIFE, SHE SAYS

After Two Attacks of 'Flu' Mrs. Peck Gave Up Hope of Ever Being Able to Walk Again.

"I was unable to walk and at the time I started taking Tanlac didn't expect to ever be on my feet again, but I am now in splendid health and am doing my housework for the first time in two years."

The above remarkable statement was made recently by Mrs. Hattie Peck of 603 East Coldfox Ave., South Bend, Ind.

"For many years I had been in failing health. I didn't care to ever eat anything much, when I did gas formed on my stomach and I suffered dreadfully from heartburn. Then a year ago last winter I had the influenza, and was down in bed for six long months. After I was able to sit up I was so weak I could not walk without help."

"Then last winter I had another attack of the influenza, and after I was able to sit up this time, my limbs were so stiff and the muscles so sore that I could not get up from a chair without help."

"One day some friends came in to see me and advised me to try Tanlac. I did so and in a few days I felt hungry and as I began to eat better my strength came back."

"I continued to improve steadily until now I have taken seven bottles and am in such fine health that it just seems almost too good to be true. My appetite is just fine and I can eat just whatever I please and digest it perfectly. The stiffness and soreness has left my limbs and I can now do my housework with ease. My face has filled out and I feel better and stronger in every way. I am sixty-eight years old, but I feel that Tanlac has added many years to my life and I will praise it to my dying day."

Tanlac is sold in Rushville by F. B. Johnson-Co., in Milroy by Dallas Copper, in Manila by Geo. J. Gilow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McGarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

Dorothy Gish at the Princess
At last Dorothy Gish has fallen for the Royal Purple. Yes, it's a fact, the popular little comedienne will be seen as Her Royal Highness, to the tenth degree when she appears as the heroine of "Little Miss Rebellion" at the Princess Theatre today.

thy's right, to wear the royal robes, just glance at her titles in "Little Miss Rebellion". She is known as Her Sublime Grace, the Grand Duchess Marie Louise, hereditary Countess of Blavatski, Countess of Warsaw, Honorary Colonel of the Life Guard, and a dozen and one other titles too numerous to mention.

And this same titled little lady finds herself with a heavy date to go to a ragtime dance with Mike Casey of Dayton, O., one time private in the United States Army. And Her Highness, etc., etc., keeps the date, too.

"Little Miss Rebellion" was made for laughing purposes only, and if you know Dorothy Gish you know what that means. It is one of the funniest Paramount pictures thus far turned out for Miss Gish and her company of associate players and is an all-comedy company.

"Blind Youth," Mystic
A man who lived not wisely but too well is the artist hero of "Blind Youth," which will be at the Mystic today.

He was cast off by two women, his mother and his model, only to be rescued for fame and fortune by a third, who marries him. A few nights later she finds him alone in his studio with another woman in the small hours of the morning, and she has it on the word of his brother that things are as black as they appear.

Then comes a queer quirk of psychology, which saves the situation and many mistakes, resulting in an understanding between husband and wife that cannot be clouded.

GRIDDLE CAKES
THERE is an art in making flapjack, pancakes, griddle cakes or waffles, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes.

Here are some recipes for a variety of breakfast cakes that will make grandmother envious. The secret, of course, is Royal Baking Powder.

Royal Hot Griddle Cakes
2 cups flour
1/4 teaspoon salt
4 teaspoons Royal Baking Powder
1 1/2 cups milk
2 tablespoons shortening
Mix and sift dry ingredients; add milk and melted shortening; beat well. Bake on slightly greased hot griddle.

Griddle Cakes with Eggs
1 1/2 cups flour
1/4 teaspoon salt
3 teaspoons Royal Baking Powder
2 eggs
1 1/2 cups milk
1 tablespoon shortening
Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

Waffles
1 cup flour
1/4 teaspoon salt
1/2 cup milk
1/2 cup melted shortening
Sift flour, baking powder and salt together; add milk to yolks of eggs; mix thoroughly and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well greased hot waffle iron until brown. Serve hot with maple syrup. It should take about 1 1/2 minutes to bake each waffle.

INDEPENDENT TEAMS WILL STAGE TOURNEY
Plan is to Select Championship Five Among Basketball Organizations in The State

TO HAVE SECTIONAL MEETS

Indianapolis, Ind., Nov. 10.—Plans are under way to make Indiana not only the leading high school basket ball state, but, also, make Indiana the largest Amateur Independent Basket Ball state in the country. Wayne Emmelmann of Indianapolis, well known basket ball promoter of Indiana, is behind a big movement this season to decide the rightful Amateur Independent Basket Ball Champions of Indiana in a championship way. Early reports from various teams over the state show way to a strong association.

Emmelmann last season held a two day tourney at Indianapolis where twenty of Indiana's leading amateur teams played to decide the championship in the 150 pound class. The tourney proved very successful and a very high class brand of basket ball was delivered by the tossers.

The tourney this season will be open to every amateur Independent team in the state regardless of weight or age but the team must be composed of players rated as amateurs. It is believed that at least two hundred teams in the state will participate in the championship games. The state winner will be decided on the same plan as the high school basket ball champions are decided each year. The winners of these sectional tourneys will be held in various parts of the state. The winners of these sectional tourneys will meet in the final at Indianapolis, February 24th, 25th and 26th to determine the rightful Champions of Indiana.

Entry blanks for the big classic will be ready this month and all teams are requested to write Wayne Emmelmann, 219 West Washington street, Indianapolis, for information.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister. Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin. Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

Invitations have been issued for a formal party to be given Friday afternoon at the home of Mrs. Frank Capp, 334 North Main street, with Mrs. Capp, Mrs. Walter Capp, Mrs. Albert Capp, Mrs. John Carr and Mrs. T. W. Lytle as hostesses. The hours are from 2 to 4 and from 4 to 6.

The Woman's Home Missionary society of the St. Paul's M. E. church will meet Thursday afternoon at two o'clock in the parlors of the church. A special program has been prepared and supplies for the Navajo Mission school will be on display. Members of the society and their guests are urged to be present.

The W. R. C. Penny Social was delightfully entertained yesterday afternoon at the home of Mrs. George Murphy in West Second street. Mrs. Mary Young and Mrs. Turner were the assisting hostesses. Twenty-eight members were present to enjoy the splendid program that was given. Mrs. Hoadley in a charming manner gave a select reading which was greatly appreciated by all present. The next meeting will be held with Mrs. Mary Young the first Tuesday in December.

Miss Lulu Wright was delightfully surprised Tuesday evening by a number of her friends at her home south of the city, the affair being in honor of her birthday. After an evening of games, delicious refreshments were served. The guests were the Misses Bertha Clark, Ruth Casey, Elizabeth Mabry, Vera Houchins, Mildred Newbold, Hazel Hall, Flossie Kennedy, Lillian Culbertson, Grace Banty, Ruby Barnes and Carl

Wright, Bert Redden, Arnold Redden, Bonnie Wright, Howard Higgs, Russell Aldrich, Ordell Salliers, Earl Hall, Roy Kennedy and Fred Myers.

Thanksgiving Hymn Well Liked at Birth But Now Forgotten

The first presidential Thanksgiving proclamation was that of President Washington in 1789 on the occasion of the adoption of the Constitution, the day, curiously enough, being November 26—the date of celebration of 1863. This latter was the real forerunner of our national Thanksgiving day. Occasional and special times of thanksgiving had often been appointed by different Presidents, but the year 1863, famous for its decisive national victories, marked also the beginning of the annual series of Thanksgiving days.

The great victories of Gettysburg and Vicksburg were really the cause of Lincoln's proclamation, and his example has been followed by all his successors until the annual festival has become one of our national institutions.

The proclamation of 1863 was remarkable as the first of a series, extending now over fifty years. It was also noticeable because it was the occasion of a thanksgiving hymn by the famous Reverend Doctor Muhlenburg of St. Luke's hospital, New York city. He is well known as the author of the familiar hymn, "I Would Not Live Away," and a poet of no small repute. Mr. Lincoln's glowing words met his eye and struck a responsive chord in his heart. A noble Thanksgiving hymn was the result, a hymn which at the time was often sung, but is now comparatively forgotten. It was published with appropriate music, and even yet is suitable for use on similar occasions.

The hymn contains nine stanzas, with chorus, and takes up in order the various causes for thanksgiving mentioned in Mr. Lincoln's proclamation. The original title was "Give Thanks All Ye People," the first verse being as follows:

Give thanks, all ye people, give thanks to the Lord, Alleluia of freedom with joyful accord: Let the East and the West, North and South roll along, Sea, mountain and prairie, one thanksgiving song.

Chorus: Give thanks, all ye people, give thanks to the Lord, Alleluia of freedom, with joyful accord.

As the hymn was suggested by Mr. Lincoln's call upon the nation to give thanks, Doctor Muhlenburg spoke of it as "The President's Hymn," but would not permanently offer such a title without Mr. Lincoln's approval. Mr. Robert B. Minnema, a prominent member of Doctor Muhlenburg's congregation, was greatly pleased with the poem, and sent a copy to the President, with whom he was personally acquainted, asking permission to name the hymn as the author desired. Mr. Lincoln telegraphed back: "So let it be."

In July, 1863, Dr. Horace Bushnell published in "Hours at Home" an article attacking the well-known hymn, "America," as an unworthy and really humiliating effusion—as a political anthem. Doctor Bushnell thus refers to Doctor Muhlenburg's production:

"The hymn and air that were given to the public by Doctor Muhlenburg a short time ago appear to have missed the accident of being fairly born, and for that reason have not succeeded. The want of good accident here is fatal, but the hymn has real merit. It was too long and included three or

four verses that could have been omitted with advantage. Otherwise it might have stuck and would have had a fair chance of success; for the music, which we know only by the eye, and never heard in a public performance, appeared to have a look of promise."

The next known reference to this hymn occurs in connection with the observance of the fiftieth convocation of the University of Illinois, on November 20, 1913. The Alumni Quarterly says: "Touches of the unusual were added to the exercises by the singing of a forgotten hymn, dedicated to Lincoln in 1863 by Reverend Doctor Muhlenburg. The hymn, which had not previously been sung in public, was discovered by Professor Dodge in a contemporary issue of the New York Tribune."

Preparing for Thanksgiving. Be ready for Thanksgiving by always having a list of your blessings corrected up to date.

The Rebekah Crochet club will meet Friday afternoon at the home of Mrs. Harry Lucas, 1028 North Perkins street. All the members are urged to be present.

Mrs. Harry Clifford will be hostess for the pitch-in dinner to be given by the members of the American Literary club, Friday, instead of Mrs. Fred Oldham, as previously planned. Mrs. Clifford lives north of the city.

The meeting of the Yomo club which was to have been held tomorrow afternoon at the home of Mrs. C. S. Hester in North Main street, has been postponed, and the members will be notified later as to the date of the meeting.

Mrs. Allie Aldridge entertained the members of the Wednesday Afternoon club this afternoon at her home in North Perkins street. The ladies enjoyed the hours over various kinds of needlework and with an informal social party. The hostess served a delectable luncheon.

During the business session of the meeting of the Pastor's Aid Society of the Main Street Christian church, held yesterday afternoon in the parlors of the church, the ladies made arrangements for a

HATS FOR STREET WEAR

If all the hats made of velvet, duvety or brocade, and garnished with embroidery, were withdrawn from millinery displays, one wonders what would be left. But no such disaster is threatened and we are allowed to enjoy street hats like those shown here, one of velvet in two colors with up-turned brim, one of velvet and brocade silk dangling a gorgeous tassel, and one of duvety—silk embroidered.

penny supper to be held Friday evening Nov. 19.

Mrs. George Urbach was hostess for the members of the Loyal Daughters of the Main Street Christian church last evening at her home in East Third street. An informal social evening following the business session was enjoyed by the members present. Delicious refreshments were served at the close of the meeting.

"The Graded Sunday School in Principle and Practice," was the subject of the splendid address given by Miss Lois Fritter at the meeting of the officers and teachers of the St. Paul's M. E. Sunday school last evening which was held at the home of Mr. and Mrs. J. H. Scholl. Miss Fritter's lecture showed how the graded Sunday school lessons could be used to a good advantage in a school the size of the M. E. Sunday school and the value obtained by the pupils of the school.

The voice pupils of Charles Dobson gave a splendid song recital at the home of Miss Florine Groenier in North Main street last evening. The following program was given: Aria from "The Jewess," by Halevy, Ned Jackman; (a) "This Would I Do" by Chapman, (b) "Fate" by Buzzi-Peccia, (c) "Wake Up!" by Phillips, Mrs. Eakin; (a) "The Enchanted Glade," by Barker, (b) "The Stars Are Brightly Shining," by Bronte, Rowena Kennedy; (a) Serenade, by Fosti, (b) "When Flaming Morn Burst Forth," by Florence Newell Barbour, Florine Groenier; (a) "Two Little Stars," by O'Hara, (b) "Gay Butterfly," by Hawley, Henrietta Talbert; (a) "Drifting," by Rockwell, (b) "Shipmates O'Mine," by Sanderson, Ned Jackman; (a) "Song of the Robin," by Anna Case, (b) "Dawn," Grace Porterfield Polk, Irene Reardon; duet, Vieni Meco by Campana, Mrs. Eakin and Mrs. Dobson. Miss Olive Buell was the accompanist for the program.

Prospective Mothers who prepare carefully with Mother's Friend make Child-birth easier.

It is recorded of the primitive American Indian women that child-birth with them was entirely painless. Modern dress was unknown!

Exacting social duties that wreck so many women of today were a minus quantity in their lives; and so it is small wonder that the weaker sex becomes a prey to misgivings when approaching maternity nears the crisis. But this should not be—because—

—the prospective mother can find comfort in MOTHER'S FRIEND. An external lubricant that spreads its influence over the skin; penetrates to the broad, flat abdominal muscles, and prepares the way for an easier, quicker and practical delivery.

Many doctors and nurses recommend Mother's Friend. Get a bottle from your druggist today.

ARRANGES FOR 382 FARMER MEETINGS

Purdue Completes Schedule For Many Institutes to be Held in State This Winter

36 DIFFERENT SPEAKERS

H. L. Beale of This County, Dr. L. C. Kigin, and Marion Detrick Among Them

Lafayette, Ind., Nov. 9.—A total of 382 farmers' institute meetings with 36 different speakers, will be held throughout Indiana during November, December, January and February, according to the completed schedule which has been prepared by Prof. W. C. Latta, farmers' institute specialist of the Purdue University Agricultural Extension Department. The first meetings will be held Nov. 16 in the following counties: Pike, Harrison, Perry and Lawrence. To insure stronger programs, one-day sessions only have been scheduled, but in many cases the counties will hold two-day meetings. In such cases the assigned speakers will present the underlying home practices while the local phases of the subjects will be discussed by local speakers. Thirty-one meetings will be held in November, 83 in December, 159 in January and 109 in February.

The list of speakers includes well-qualified agricultural authorities from Indiana and seven specialists from Purdue University. The Purdue workers who will talk to the farmers and their wives at the meetings are A. T. Wianeko, Miss Lella R. Gaddis, C. T. Gregory, H. W. Gregory, Dr. L. C. Kigin, W. A. Ostrander, Miss Inez Richardson and R. L. Thomas. The remainder of the speakers are as follows: H. L. Beall, New Salem; M. J. Briggs, Macy; Mrs. Rufus Brown, Goshen; Mrs. H. J. Deller, South Bend; M. F. Detrick, DeGraff, Ohio; W. A. Douglass, Bargersville; Mrs. Morton W. Fordice, Russellville; Taylor Fouts, Camden; Mrs. E. K. Givens,

Freedom; Mrs. Wm. Goldsmith, Spencer; Clarence Henry, Hebranon; M. C. Johnston, Aurora; Maurice S. Lefuze, Liberty; J. W. Mertz, Cornuda; Miss Ethelwyn Miller, Franklin; Mrs. Hortense Tapp Moore, Rockville; R. A. Ogg, Greencastle; Mrs. L. T. Pierce, Indianapolis; J. P. Prigg, Middletown; L. A. Ralston, Orleans; W. H. Senour, Brookville; Mrs. C. W. Sewell, Otterbein; Mrs. John W. Spindler Grabbill; Mrs. E. T. Stanley, Liberty; R. L. Thompson, Topeka and Mrs. Carl Tuttle, Pleasant Lake.

The institute work in each county will be under the direct charge of the county chairman who will co-operate with the Purdue Extension Department. In addition to the meetings, each county is being urged to hold a boy's and girl's contest in the form of a competitive exhibit of farm crops and domestic products.

SLATED FOR TAX BOARD

Indianapolis, Ind., Nov. 10.—Charles Mendenhall, chairman of the ways and means committee in the house of last legislature, was reported today as slated for appointment to the state board to succeed Strange N. Gagan, whose term expires December 1. It is understood Goodrich and governor-elect McGray conferred on the appointment and that Mendenhall seemed to be the favorite. Mendenhall lives in Camby and is a farmer.

NUXATED IRON

To Help Make Red Blood, Strength and Endurance

"John, please take Nuxated Iron and be strong and well again."

energy and endurance in the whole system. Nuxated Iron is used by over 4,000,000 people annually—used and endorsed by former United States Senators and Members of Congress—and in many cases to my knowledge, increases the strength and energy and endurance of run-down, nervous people in two weeks' time.

If your husband asks for proof that lack of iron is making him nervous, weak and holding him back in life, you can probably convince him with the following test: Have him see how long he can work or how far he can walk without becoming tired. Next have him take two tablets of Nuxated Iron three times daily after meals for two weeks. Then let him test his strength and see how much he has gained.

Manufacturers' Note: Nuxated Iron, which is recommended above is not a secret remedy but one which is well known to druggists everywhere. Unlike the older iron compounds it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. Each tablet of genuine Nuxated Iron is stamped as follows: "N" and the words Nuxated Iron are stamped into each bottle, so that the public may not be led into accepting inferior substitutes. The manufacturers guarantee successful and entirely satisfactory results to every purchaser as they will refund your money if it is dispensed by all good druggists in tablet form only.

GOITRE REMOVED

By External Home Treatment For Indiana Lady. Now Able to Do Own Work

Note: It would be illegal to publish these statements if they were not true.

Mrs. Wm. Jones, 226 Short St., Lawrenceburg, Ind., says in her own home paper, the Lawrenceburg Press: "I have treated a goitre for 22 years with every remedy I could hear of. A friend advised me to use Sorbol Quadruple. I used 1 1/2 bottles and now I am well again. I noticed a change within a week and did not have that depressed feeling. The headache, choking, and nervousness was relieved. At times I was completely exhausted. I am now able to do my own work. I feel it my duty to tell my experience, either personally or by letter.

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with regular daily work. Leaves parts in healthful normal condition. Requires ten minutes daily.

WOMAN DECLINES OFFICE

Refuses to Succeed Murdered Husband as Sheriff

Madisonville, Ky., Nov. 10.—Mrs. R. Hunter has declined to become sheriff to succeed her husband who was murdered several days ago by Lee Ellison, negro. She refused, however, after a lengthy conference with relatives. Mrs. Hunter and other relatives have made a public appeal that no mob violence be done Ellison if he is caught. He is still at large and is thought to be in Evansville. Ellison's wife, whose throat was slashed by her husband, told authorities here that her husband had killed two men in Alabama and one in Cairo, Ill.

INTEREST IN APPLE SHOW

Prospects are That the Event Will Surpass Anything Like It

Lafayette, Ind., Nov. 10.—Indications that the 1920 Indiana Apple Show which will be held in the Women's building at the State fair grounds, Indianapolis, Nov. 15-20 will be one of the largest ever held in the Middle West, are increasing rapidly according to a statement issued today by H. H. Swain, secretary of the society. A number of Indiana growers have signified their intentions of entering exhibits in the competition with a large number that are being received from Ohio, Pennsylvania, Kentucky, Michigan, Illinois, and Missouri.

A meeting of the Indiana Fruit Growers' association on Tuesday and Wednesday Nov. 16, and 17 will be the opening feature of the program.

Bookkeepers Accountants Stenographers —Listen!

When the rapidity and accuracy of your work depends upon the condition of your eyes, you should not let a foolish prejudice against wearing glasses stand in the way of a successful career.

From its very nature, your work taxes the eyes severely, unless they are in the best possible condition.

If your eyes are not defective they can do an enormous amount of work without injury, but a slight eye strain may injure your eyes permanently.

If you have symptoms of eyestrain call and let us examine your eyes at once. Delay only makes bad matters worse.

QUAKERISM WEEK TO BE OBSERVED

Special Week to be Celebrated in all Parts of Country From Dec. 5 To 12

URGE SPECIAL OBSERVANCE

Program of Services in Celebration of Quakerism Day is Suggested To Various Meetings

Richmond, Ind., Nov. 10.—"American Quakerism Week" is to be observed by Friends in all parts of the United States from Sunday, Dec. 5 to Sunday, Dec. 12, according to an announcement Monday.

Letters are being sent to each meeting of Friends urging that they make special observance of the week. Sunday, Dec. 5 is Quakerism day. A program of services in celebration of this day and meetings to follow during the week is suggested to the various meetings. Sunday, Dec. 12, the last day of "American Quakerism Week" will be Intercession day. A mid-week meeting, to be held on Thursday, Dec. 9, will also be held.

Following is a copy of the program suggested for use in the many Friends churches:

Sunday, Dec. 5—Quakerism day. Morning, sermon or address suggested on "The Message and Mission of Quakerism;" afternoon, "Friends education and service work;" evening, "Friends Home and Foreign Mission work." It is expected that about a half hour will be devoted to each of the suggested subjects.

Mid-week service, Friday, Dec. 9. Evening, Friends peace, temperance, publication, Bible school and Young Friends work. Each of these topics are to occupy about 10 minutes.

Sunday, Dec. 12.—Intercession

day. Morning, message on prayer. Afternoon, service of prayer for Friends work. Evening, Bible reading on prayer, with period of intercession.

Millions for a New Stomach

One of the greatest American millionaires said to his physician, "A million dollars, Doctor, spot cash and no grumbling, for a new stomach," and then the sick man groaned and turned away. All his wealth could not make his happy or contented, for happiness largely depends upon digestion. Without health where does happiness come in? After all the stomach plays a great part in everyday life. Without a healthy stomach and good digestion our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. Prevent disease by putting the house in order and strengthening the system against the germs of disease.

Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood diseases and their prevention, and he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that could be easily procured at the drug store (liquid or tablets). This he called Dr. Pierce's Golden Medical Discovery. This Discovery gives no false stimulation because it contains no alcohol or any narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. It gives to the blood the food elements the tissues require. For over fifty years it has enjoyed the confidence of the American public. Try it now!
